...

Thanks Kirk and Katie,

I have sent your contact information on to the locally based emergency response team.

Subject: Some plug

Hi Carol,

As you can imagine, I have been following the news reports very closely. Of course, I have a lot of questions and a sort of "I thought I told you" attitude. But seriously, if there is anything I can do to help, please let me know. Katie W-D and I were just talking about consequences of mine plugging on the day that the incident at Gold King occurred. Psychic.

Best,

Kirk
